

## CFL Light Bulb Order Form

### Green Bayit/Green House Energy Reduction Campaign

Standard light bulbs give off 90 per cent of their energy as heat. New compact fluorescent "spiral" bulbs (CFL) are 75 per cent more efficient and fit in standard sockets. Turolight ([www.turolight.com](http://www.turolight.com)) has developed an environmentally safe CFL, containing the lowest mercury content (~1mg) of any bulb, with lead-free glass and lead-free solder. For this order we have selected a warm white temperature bulb.

BULB	DESCRIPTION	PRICE	x QUANTITY	=	COST
TL-GEOM30- <b>27W</b> (actual consumption)	Height = 5.15" Base Width 1.6" 	\$6.50  (inc. taxes)			
TL-GEOM20- <b>15W</b>	Height = 4.55" Width 1.6" 	\$4.95  (inc. taxes)			
TL-GEOM15- <b>13W</b>	Height = 4.3" Width 1.6" 	\$4.95  (inc. taxes)			
TL-BR3-G20- <b>15W</b>	 Pot Light	\$8.50  (inc. taxes)
